

CLUSTER INPUTS FOR THE HPC 2021 WORKING SESSIONS

*Please find below the instructions how to collect the inputs necessary to animate the different parts of the HPC 2021 working sessions. I would appreciate if you could share with OCHA your inputs by **COB Friday 21 August**.*

DO NOT FORGET to provide OCHA (Andrea dedomenico@un.org , Alicia moore23@un.org) the list of cluster representative that will attend the working session (name and email). I would kindly ask national cluster coordinators to consolidate the list for Gaza and West Bank.

DAY 1

1st session: Emerging new needs

During the session new emerging needs and the related programmatic adjustments for Gaza and West Bank will be discussed.

Instructions: based on the discussions you have had with your constituency please fill in one power point summary slide for Gaza and one for West Bank (please refer to the power point template attached).

2nd Session: Inter-Sectorial response

During the session inter-sectorial responses relevant for Gaza and West Bank will be discussed.

Instructions: based on the discussions you have had with your constituency please identify two or three critical situations where inter-sectorial response would be required to address the needs of people. During the working session we will select two situations to animate the debate.

Critical inter-sectorial response relevant for the cluster	What are the humanitarian consequences requiring an inter-sectorial response (requiring other cluster support or coordination with)	What are the vulnerable groups to consider

DAY 2

1st session: Boundaries setting for the HRP

During the session the specific boundaries for Gaza and West Bank applicable across all Strategic Objectives will be discussed and agreed upon.

Instructions: based on the discussions you have had with your constituency please summarize the boundaries agreed upon pertaining to the geographical scope of the humanitarian response and the vulnerable groups targeted for 2021 HRP. During the working session dedicated to the boundaries setting we will dedicate a session to the geographic scope and another one to the identification of the vulnerable groups.

The boundaries will be applicable across the three strategic objectives.

<p>Strategic Objective 1: The rights of Palestinians living under occupation, including those living under the blockade and other restrictions, are protected, respected and promoted in accordance with International Humanitarian Law (IHL) and International Human Rights Law (IHRL), while duty-bearers are increasingly held to account.</p> <p>Strategic Objective 2: The basic needs of vulnerable Palestinians living under occupation are met through the provision of quality basic services and improved access to resources, in accordance with the rights of protected persons under IHL.</p> <p>Strategic Objective 3: The capacity of vulnerable Palestinians to cope with and overcome protracted crisis, including from environmental threats, is supported, while solutions to violations and other root causes of threats and shocks are pursued.</p>
