60 mins	Agenda item 3. <b>WB Mobile health clinics updates</b>	
Discussion	WB Mobile health clinics updates, focusing on adjusting a mechanism to report to Ministry of Health	

- **MoH:** PHC Head, Dr Nancy stressed the need that the Health Cluster partners providing mobile health care services in West Bank need to have better coordination and distribution of their health services within the communities.
  - Many partners provide health services in its communities in addition to the MoH. MoH highlighted the need for better communication, rationalization of health services between Partners.
  - Mobile Medical Teams’ Partners should communicate with MoH-PHC Heads in order to jointly define the people in need and vulnerable communities to provide their health services there.
  - MoH PHC and Partners mobile medical teams should have different health services and programs if they are providing health services in the same community, or same health services but in different days.
- **WHO:** WHO plans to partner with CARE to provide mobile health care services in 19 communities in Hebron, Bethlehem and Tubas pending funding. WHO and UNFPA are planning to integrate MHPSS and GBV services in the Mobile Health Clinics: WHO and UNFPA will provide trainings on integration of MHPSS support and on Gender-based violence.
- **UNFPA** (update provided by the HCCT) is also planning to support PMRS mobile clinics in 18 communities in Hebron and Jenin pending funding.
- MoH asked all Mobile Medical Teams’ Partners that they should make sure that all doctors are licensed and approved by MoH.
