Gaps and challenges

- **Few projects covered the needs in East Jerusalem. Out of the 300,000 PIN for East Jerusalem, only 12,148 was targeted.**

- **The mobile health clinics will collectively cover the needs of 142 communities, out of a total of 185 communities in need.**
- **There are major gaps in adequately responding to the following groups in Gaza: cancer patients, children <5, people with disability, and people in need for post-operative care.**
